

# MUNCHKIN PATHFINDER 2

## GUNS AND RAZZES™

Golarion is a big world. In *Munchkin Pathfinder* and *Munchkin Pathfinder: Gobsmailed!*, we explored part of it. We're exploring a bit more in this set, bringing you the wily Razmiran Visions and reckless Gunslingers. Better duck!

These cards have the same "classic" card backs as original *Munchkin* and other fantasy-based sets, so you can mix them into any of those sets, although they're designed to go into *Munchkin Pathfinder*. You don't have to have *Munchkin Pathfinder: Gobsmailed!* or *Munchkin Pathfinder: Truly Gobnoxious*, but if you do, shuffle them in as well! (You can use the *Munchkin Doors and Treasure Sleeves* to mix these with any *Munchkin* set, of course!)

## GUNS AND GOBLINS

The Gunslinger isn't a lot of fun without guns to sling, so we included several in this set. They're labeled so you don't have to guess which of them are Guns. Other than that, they're just like other Items.

Cards in other games that are obviously guns should also be treated as Guns. When in doubt, if it fires a projectile by chemical or other nonmechanical means, or it has the word "Gun" in the title, call it a gun.

We've also included more Goblins, because we're mean like that. If you're mixing these cards into a non-*Pathfinder* set, all you need to know is that Goblin monsters can stack, just like Undead.

### More Munchkin!

*Munchkin* comes in lots of flavors! You can get classic fantasy, sci-fi, superheroes, pirates, cowboys, the apocalypse, steampunks, and zombies . . . and they're all compatible!
